OUR MESSAGE to you is, first—to show the great importance of, and the real added value in making your home grounds attractive, and then—to offer to you a service that will insure the success of your efforts.

A well kept Lawn, Flowers or Shrubs give an atmosphere of dignity and refinement alike to the cottage or mansion. Even a small planting may appear as a rare jewel if it has the touch of a master hand.

In order that plantings may thrive and increase in value, consideration must be given to temperatures, exposures, moisture conditions, and effect of salt air, if near the Coast, also the expense and care of the upkeep. Our long experience and knowledge of California conditions has solved many of these problems for us—a service we now offer to you.

SPECIALIZING in Landscaping, our Mr. Dossche brings to you from both America and Europe a training and rich experience—not alone in the treatment of private grounds and estates, but public improvement work, parks, exposition grounds and conservatories, his first important work in America being on the grounds of the World's Fair at St. Louis, famous for the beauty and grandeur of the plantings. Of late years he has handled many important projects on the Pacific Coast.

Cut Flowers

Correct floral appointments for all formal or informal affairs. Banquets, Weddings, Receptions, given special attention. Member F.T.D. Flowers by telegraph anywhere.

TO IMPROVE our service, we have removed our Seed and Flower store from the congested down town area to temporary quarters at our home place. Here the entire personnel of our various departments is at your service.

GROUND COVERS

The many wonderful creeping plants referred to as "ground covers" should not be considered merely as substitutes for lawns as they have a distinctive ornamental value and add charming touches of color, and beautiful garden effects used as borders, beds, planted in groups or enmasse as ground covers. They are drouth and heat resistant, thriving under conditions that make a lawn impossible. The collection we offer is specially suited to Central California. See Catalog for complete list.

Cerastium—Tomentosum

Mesembryanthemum—Golden Queen

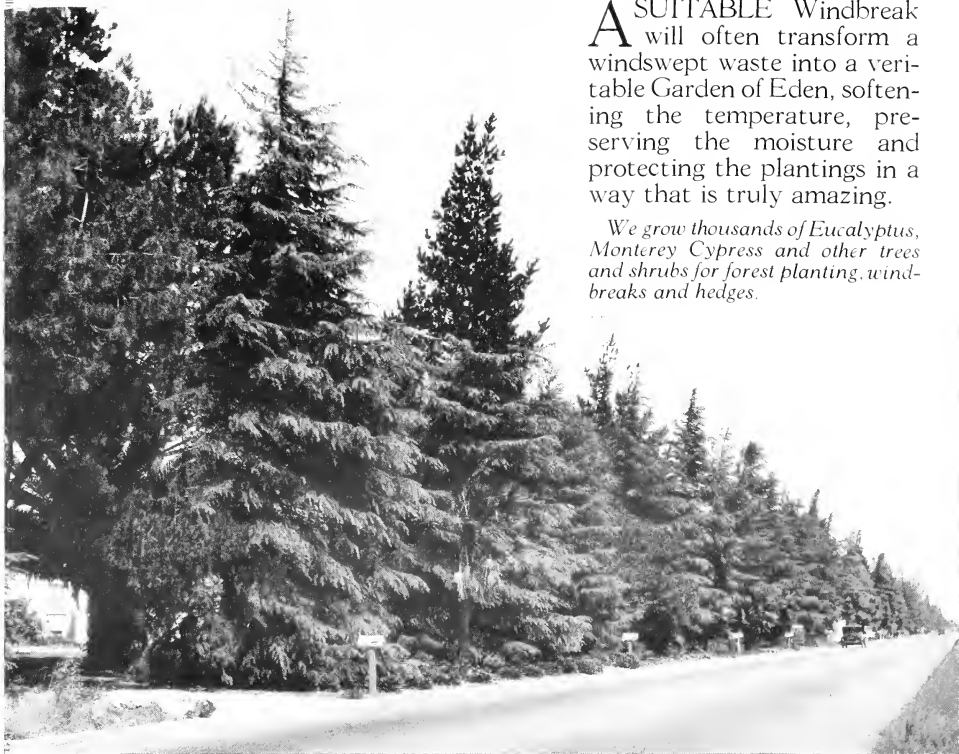

Helianthemum—Yellow Sun Rose

Wind Breaks and Hedges

A SUITABLE Windbreak will often transform a windswept waste into a veritable Garden of Eden, softening the temperature, preserving the moisture and protecting the plantings in a way that is truly amazing.

We grow thousands of Eucalyptus, Monterey Cypress and other trees and shrubs for forest planting, wind-breaks and hedges.

CEDRUS DEODAR—On Sherman Drive—One of the most beautiful evergreens for lawn specimens, formal plantings, driveways. Other splendid evergreens are Monterey Cypress, Cedrus Atlantica, Lawson Cypress. See catalog for complete list.

Palms, Roses

For Avenues and Driveways Tree Roses make a magnificent and attractive display, flowering freely the first year.
